Benefits & Assistance

At Kalstein France we care about the full satisfaction of our customers, that's why we offer value-added services of the highest level based on our expertise.

Quick Response

Our team is always available to answer all your questions or queries, in order to support you in any situation...

Technical Support

Enjoy personalized advice for the correct preventive and corrective maintenance of your equipment, thanks to Kalstein manuals and articles, special catalogs and video tutorials.

#Letsgivemore

Thanks to your purchase, a donation is made to a non-profit foundation that fights cancer and helps vulnerable communities.

AI Model Recommendation

Model recommendation through AI is used to analyze user behavior, preferences and specific characteristics in order to recommend the most suitable product models for each customer.

Kalstein+ Platform

All of this would be presented in an intuitive and easy-to-use interface, providing a personalized and satisfying shopping experience for each customer.

Kalstein worldwide

With more than 25 years growing with our customers, Kalstein's multi-format and modern content is now present in more than 10 countries and growing.

Delivery Logistics

We take care of all the logistics necessary for the shipment of your goods, whether by sea, land or air.

KALSTEIN® Washer Machine

150KG Tumble Dryer (Full Stainless Steel) GAS

Model YR06335

Product Description:

- ✓ The fully automated system features cutting-edge technology, including computer-controlled temperature regulation, temperature control devices, and an over-temperature protection mechanism, ensuring safe and efficient operation. Operators can choose from various heating options such as electrical, gas, steam, a combination of electrical and steam, or coal, offering maximum flexibility.
- ✓ Optimized for performance, the cooling fan is designed to provide excellent heat dissipation and ideal wind speed. Both the drums and panels are constructed to prevent contamination and corrosion, protecting fabrics.
- ✓ Designed with user convenience in mind, the system allows easy access to essential parts, making maintenance simple and allowing for quick belt replacement. Additionally, the large door, which opens 180 degrees, facilitates easy loading and unloading, with the option for left or right opening. This system is specifically designed to operate efficiently with gas heating.

Technical Specification:

Model	YR06335
Capacity	150 Kg
Drum Dimension	1600*1350 mm
Drum volume	2714 L
Motor Power	3 Kw
Fan power	15Kw
Steam pressure	0.4-0.5 Mpa
Voltage	380 V
Dimensions	1810*2530*2500 mm
Weight	1000Kg
Powered	GAS
