Enjoy personalized advice for the correct preventive and corrective maintenance of your equipment, thanks to Kalstein manuals and articles, special catalogs and video tutorials.

Kalstein worldwide

With more than 25 years growing with our customers, Kalstein's multi-format and modern content is now present in more than 10 countries and growing.

#Letsgivemore

Thanks to your purchase, a donation is made to a non-profit foundation that fights cancer and helps vulnerable communities.

Delivery Logistics

We take care of all the logistics necessary for the shipment of your goods, whether by sea, land or air.

AI Model Recommendation

Model recommendation through AI is used to analyze user behavior, preferences and specific characteristics in order to recommend the most suitable product models for each customer.

KALSTEIN® Chemiluminescence Reagent

Allergy Test

Model YRA398

Product Description:

- ✓ Immunoglobulin E (IgE) has a strong affinity for basophils and mast cells, earning it the alternative names regain or cytophilic antibody. Primarily produced by plasma cells in the lamina propria of the respiratory and digestive tract mucosa, IgE is found in extremely low concentrations in the blood of healthy individuals, constituting about 0.002% of total serum immunoglobulins.
- ✓ IgE plays a crucial role in type I allergic reactions. In individuals with allergic predispositions or hypersensitivity, serum IgE levels are significantly elevated compared to normal levels. Therefore, a high serum IgE concentration often indicates the presence of a genetic allergy or type I hypersensitivity.

| | |
|--|------------------------------------|
| Model | YRA398 |
| Tested Parameter | IgE |
| Luminescent Principle | Enzymatic chemiluminescence |
| Luminescent Markers | AP(alkaline phosphatase) |
| Specification | 48, 50,100 Test/Kit for CIA series |
| Principle | Sandwich method |
| Component | Magnetic Beads |
| | Calibrator Low |
| | Calibrator High |
| | Anti-A/Anti-B |
| | Control 1 |
| | Control 2 |
| | Substrate |
| Accessories Required But Not Provided | Washing solution |
| Sample material | Serum/Plasma/Whole Blood |
| Storage | 2-8°C |
