Benefits & Assistance

At Kalstein France we care about the full satisfaction of our customers, that's why we offer value-added services of the highest level based on our expertise.

Quick Response

Our team is always available to answer all your questions or queries, in order to support you in any situation...

Technical Support

Enjoy personalized advice for the correct preventive and corrective maintenance of your equipment, thanks to Kalstein manuals and articles, special catalogs and video tutorials.

#Letsgivemore

Thanks to your purchase, a donation is made to a non-profit foundation that fights cancer and helps vulnerable communities.

AI Model Recommendation

Model recommendation through AI is used to analyze user behavior, preferences and specific characteristics in order to recommend the most suitable product models for each customer.

Kalstein+ Platform

All of this would be presented in an intuitive and easy-to-use interface, providing a personalized and satisfying shopping experience for each customer.

Kalstein worldwide

With more than 25 years growing with our customers, Kalstein's multi-format and modern content is now present in more than 10 countries and growing.

Delivery Logistics

We take care of all the logistics necessary for the shipment of your goods, whether by sea, land or air.

KALSTEIN® Hemodialysis Machines

Dialyzer Reprocessing Machine

Model YR06375

Product Description:

- ✓ This state-of-the-art device ensures thorough and efficient cleaning through advanced rinsing methods, such as reverse ultrafiltration, outperforming other competitors. It offers accurate TCV and blood filtration testing, providing precise feedback on reprocessing status and ensuring overall safety.
- ✓ Its intuitive interface and touch screen make operation easy, while the one-button start function automates the entire reprocessing process. With enhanced safety features and an effective alarm system, it ensures safe operation and quick response to any problems. In addition, its innovative design enables efficient use of water and disinfectant, optimizing resources and minimizing waste..

Technical Specifications:

Model	YR06375
Size(H*W*L)	38*43*60cm
Floor area	approx. 40kgs
Weight	approx. 53kgs
Input power	60*56*80cm
Circuit voltage	150W
Standby battery	AC220V±10%, 50Hz-60Hz, 2A
Water inlet pressure	0.15~0.35Mpa, (20P.S.I~50P.S.I)
Water inlet temperature	10°C~40°C
Working environment	5°C~40°C, at relative humidity
Storage environment	5°C~40°C at relative humidity=80%
