Benefits & Assistance

At Kalstein France we care about the full satisfaction of our customers, that's why we offer value-added services of the highest level based on our expertise.

Quick Response

Our team is always available to answer all your questions or queries, in order to support you in any situation...

Technical Support

Enjoy personalized advice for the correct preventive and corrective maintenance of your equipment, thanks to Kalstein manuals and articles, special catalogs and video tutorials.

#Letsgivemore

Thanks to your purchase, a donation is made to a non-profit foundation that fights cancer and helps vulnerable communities.

AI Model Recommendation

Model recommendation through AI is used to analyze user behavior, preferences and specific characteristics in order to recommend the most suitable product models for each customer.

Kalstein+ Platform

All of this would be presented in an intuitive and easy-to-use interface, providing a personalized and satisfying shopping experience for each customer.

Kalstein worldwide

With more than 25 years growing with our customers, Kalstein's multi-format and modern content is now present in more than 10 countries and growing.

Delivery Logistics

We take care of all the logistics necessary for the shipment of your goods, whether by sea, land or air.

KALSTEIN® Operation Ceiling Pendant Double Arm Endoscopy Pendant (Electrical)

Model YR02088

Product Description:

- ✓ Suitable for use in operating rooms, emergency rooms, intensive care units, and recovery rooms.
- ✓ Rotating and adjusting the position ceiling suspension installation allows for 340° rotation, enabling precise adjustment of the terminal box position. The equipment's height ensures easy access for medical staff.
- ✓ pendant cantilever is made from imported aluminum alloy through a one-time extrusion process, with surface treatment for oxidation and rust prevention.
- ✓ Optional brake Available with either a friction brake or pneumatic brake, featuring German standard gas terminals that can endure over 20,000 insertions and removals.
- ✓ Customizable gas outlets and interfaces: Various adaptors are available to meet German, British, American, and Australian standards.
- ✓ Stainless steel infusion suspender: Supports infusion bags, bottles, or pumps, with multiple configuration options to meet different needs.
- ✓ Variety of adaptor options, including friction and pneumatic brakes, compliant with German standards for gas termina
