KALSTEIN® Washer Machine

Industrial Laundry machine 130/150 Its

Model YR05912-2 // YR05912-3

Product Description:

- ✓ The fully automatic washer features a microcomputer controller with 5 standard programs and 30 additional adjustable programs, offering great flexibility in settings. Constructed with high-quality stainless steel, it boasts a sleek appearance and long lifespan. Its full suspension shock structure, with a combination of shock absorbers and springs, maximizes vibration absorption, reducing noise and eliminating the need for extensive foundations.
- ✓ Operators can choose between electric, steam, or hot water as the heat source. Imported bearings ensure precision and durability. Fixed screws support long-distance transportation, preventing damage from shaking during transit. The high-quality inverter system allows for seamless frequency adjustment during washing and extracting. It has a multiple sealing system (oil, water, and stainless steel) and an external lubrication oil cup for easy maintenance. The safety door interlock system reduces fatigue, misuse, and risk.
