Kalstein®

A different accompaniment, at your service

OUR SERVICES

Benefits and Support

In Kalstein France, we take care of the full satisfaction of our customers, that is why we provide value-added services of the highest level based on our experience.

Online Inductions and Trainings

In any part of the world, receive your induction or training from our specialized team of engineers

Quick Response

Our work team is always available to response all your consults or questions, in order to support you in any situation.

#Letsgivemore ♥

Thanks to your purchase, a donation will be made to a non-profit foundation that fights against breast cancer and helps most vulnerable communities.

Technical Support

Enjoy of personalized advice for the correct preventive and corrective maintenance of your equipment, thanks to Kalstein's manuals and articles, special catalogues and video tutorials.

Delivery Logistics

We take care of all the necessary logistics for the dispatch of your goods, whether is by sea, land or air.

Kalstein Worldwide

With more than 25 years growing with our customers, Kalstein's multiformat and modern content, is now present in more than 10 countries and increasing.

KALSTEIN® Veterinary Lamps
LED Shadowless Operating Lamp
Model YR06118

Product Description:

- ✓ Ideal appearance design to comply with purification requirements
- ✓ The design of fully enclosed and streamlined light head conforms to the aerodynamics principle, which thoroughly eliminates the flow dead corners in the purified air and meets the high-standard laminar requirements and aseptic requirements in modern operation rooms.
- ✓ The light head contains sterilization handle and handrail, so veterinary staff can move and position the light head flexibly at any angle.

Features:

- ✓ Perfect cold light effect: Using LED cold light source, it contains no ultraviolet or infrared rays in the spectrum, which brings neither heat nor radiation. The temperature rise above doctor's head and wound area is not more than 1°C.
- ✓ Extra-long service life: The novel LED cold light source supports to the working time of 60,000 hours without changing bulbs.
- ✓ Good suspension system: Lightweight suspension system contains balance arm, six groups of universal joints, linkage, 360°rotary light heads, sterilized handle, fence handrail, etc.
- ✓ Sophisticated focusing system: Manual focusing technology enables simple operations and realizes stepless focusing function. The detachable handle can be sterilized by high temperature ($\leq 134^{\circ}\text{C}$).
- ✓ Ultra-strong deep lighting: The overall design of LED light head concentrates the light beam into a high-brightness uniform light column, thereby ensuring the deep focusing effect and the high-brightness surgery lighting requirements.

KALSTEIN® Veterinary Lamps
LED Shadowless Operating Lamp
Model YR06118

Technical Parameters:

Model	YR06118
Mounting	Wall-mounted
LED bulbs	80pcs
Illuminance	40000~160000Lux
Color temperature	3000~6700K adjustable
Diameter of light spot	160-280mm
Dimming system	Continuous dimming system
Color rendering index	≥96
Lighting depth	≥600mm
Temperature rises at operator's head	≤1°C
Temperature rises at operating field area	≤2°C
Color rendering index (CRI)	≥96
Color rendition index	≥97
Voltage	220V, 50Hz
Optimum installation height	3.0m
Lowest installation height	2.8m
