## Benefits & Assistance

At Kalstein France we care about the full satisfaction of our customers, that's why we offer value-added services of the highest level based on our expertise.

### Quick Response

Our team is always available to answer all your questions or queries, in order to support you in any situation...

### Technical Support

Enjoy personalized advice for the correct preventive and corrective maintenance of your equipment, thanks to Kalstein manuals and articles, special catalogs and video tutorials.

### #Letsgivemore

Thanks to your purchase, a donation is made to a non-profit foundation that fights cancer and helps vulnerable communities.

### AI Model Recommendation

Model recommendation through AI is used to analyze user behavior, preferences and specific characteristics in order to recommend the most suitable product models for each customer.

### Kalstein+ Platform

All of this would be presented in an intuitive and easy-to-use interface, providing a personalized and satisfying shopping experience for each customer.

### Kalstein worldwide

With more than 25 years growing with our customers, Kalstein's multi-format and modern content is now present in more than 10 countries and growing.

### Delivery Logistics

We take care of all the logistics necessary for the shipment of your goods, whether by sea, land or air.

# KALSTEIN® Operation Ceiling Pendant Sliding Pendant 500mm

Model YR02089

## Product Description:

- ✓ The bridge suspension system is designed for adult and infant intensive care units, whole process monitoring, and recovery rooms, providing flexible bedside care tailored to patients' needs. Its design hides cables and pipelines within the tower.
- ✓ The dry and wet separation configuration offers a practical solution, featuring a simple, space-saving structure. The wet section includes a flexible infusion stand and pump rack, while both sections have a height-adjustable medical monitoring instrument platform.
- ✓ Customers can choose gas outlets and interfaces from adaptors compatible with German, British, American, and Australian standards. The stainless steel infusion suspender supports infusion bags, bottles, or pumps, with multiple configuration options.
- ✓ Electrical sockets have multiple adaptor options, including friction and pneumatic brakes that comply with German standards. The ceiling suspension allows for 340° rotation and includes a brake to prevent drifting, with a modular design offering various configurations
