Benefits & Assistance

At Kalstein France we care about the full satisfaction of our customers, that's why we offer value-added services of the highest level based on our expertise.

Quick Response

Our team is always available to answer all your questions or queries, in order to support you in any situation...

Technical Support

Enjoy personalized advice for the correct preventive and corrective maintenance of your equipment, thanks to Kalstein manuals and articles, special catalogs and video tutorials.

#Letsgivemore

Thanks to your purchase, a donation is made to a non-profit foundation that fights cancer and helps vulnerable communities.

AI Model Recommendation

Model recommendation through AI is used to analyze user behavior, preferences and specific characteristics in order to recommend the most suitable product models for each customer.

Kalstein+ Platform

All of this would be presented in an intuitive and easy-to-use interface, providing a personalized and satisfying shopping experience for each customer.

Kalstein worldwide

With more than 25 years growing with our customers, Kalstein's multi-format and modern content is now present in more than 10 countries and growing.

Delivery Logistics

We take care of all the logistics necessary for the shipment of your goods, whether by sea, land or air.

KALSTEIN® Operation Ceiling Pendant

Sliding Pendant 500mm

Model YR02090

Product Description:

- ✓ The bridge suspension system is designed for intensive care units for both adults and infants, as well as for monitoring throughout the care process and recovery rooms. It offers adaptable bedside care tailored to patient needs, with a design that conceals cables and pipelines within the tower.
- ✓ The dry and wet separation configuration provides a practical and space-saving solution. The wet section includes a versatile infusion stand and pump rack, while both sections feature height-adjustable platforms for medical monitoring instruments.
- ✓ Customers can select gas outlets and interfaces from adaptors compatible with German, British, American, and Australian standards. The stainless steel infusion suspender accommodates infusion bags, bottles, or pumps, with various configuration options.
- ✓ The electrical sockets offer multiple adaptor choices, including friction and pneumatic brakes that meet German standards. The ceiling suspension allows for 340° rotation and includes a brake to prevent drifting, with a modular design that supports various configurations.
