# KALSTEIN® Washer Machine

## Tilt Washing Machine Steam/ Electric

Model YR06299 // YR06301

### Product Description:

- ✓ The washer as a whole is composed of a combination of internal and external drums, a rotating lifting bearing system, damping springs, an impact reducer and a lifting cylinder, among other elements. Designed to provide high extraction efficiency, it offers four different speeds depending on the type of material being processed.
- ✓ This speed regulation system, controlled by an LS inverter, allows precise and fast adjustments of both washing and extraction speeds, ensuring optimal protection of garments and other fabrics. In addition, thanks to its high quality stainless steel construction, this washer offers excellent corrosion resistance and exceptional durability for long and reliable performance..
